No, the Weekly already went out. I'm adding the sentence just for your needs (this didn't go out to anyone else).

Subject: Hot Topics - Alaska Oil, Gas and Energy Extended Team Meeting next week

Hot Topics (I've added a sentence about my OOOOa presentation)

Alaska Oil, Gas and Energy Sector Extended Team Meeting/Workshop

The Sector will hold its annual in-person meeting in Anchorage, September 24-26, 2019. The purpose of the Extended Team Meeting/Workshop is to provide Sector members and other EPA staff the opportunity to come face-to-face to share information and work on timely issues relevant to the Sector. In addition, with the meeting being held in Anchorage, we are maximizing the opportunity to build relationships, foster communication and share information with other federal, state and industry representatives. Day 1 will be internal discussions and presentations covering administrative and programmatic issues, as well as a general overview of the industry from the Alaska Oil and Gas Association. For Day 2, we have invited external partners to join us in information sharing and discussion. Federal agencies planning to participate are Bureau of Land Management, US Army Corps of Engineers, and Bureau of Ocean Energy Management. Participating State agencies are ADEC (APDES, Air and SPAR) and ADNRR (OPMP and DOG). Industry representatives from the following companies will also be joining us: Eni, ConocoPhillips, Hilcorp, Oil Search, Alyeska and Petro Star. Day 3 will entail visits to the Alaska Geologic Materials Center, ADNRR Division of Oil and Gas offices, and the ConocoPhillips Integrated Activity Center. Megan Garvey, EPA Senior Advisor for Oil and Gas, Regional

Management and State Affairs will also be joining us to share EPA's national perspective. **R10 ECAD air compliance inspector John Pavitt will give a presentation on Compliance with Subpart OOOOa (Standards for Crude Oil and Natural Gas Facilities), based on a series of inspections in Prudhoe Bay this summer.**

Subject: Weekly for Alaska Oil, Gas and Energy Extended Team Meeting next week

Hi John,

Below is what I submitted to Marla for the Weekly.

Alaska Oil, Gas and Energy Sector Extended Team Meeting/Workshop

The Sector will hold its annual in-person meeting in Anchorage, September 24-26, 2019. The purpose of the Extended Team Meeting/Workshop is to provide Sector members and other EPA staff the opportunity to come face-to-face to share information and work on timely issues relevant to the Sector. In addition, with the meeting being held in Anchorage, we are maximizing the opportunity to build relationships, foster communication and share information with other federal, state and industry representatives. Day 1 will be internal discussions and presentations covering administrative and programmatic issues, as well as a general overview of the industry from the Alaska Oil and Gas Association. For Day 2, we have invited external partners to join us in information sharing and discussion. Federal agencies planning to participate are Bureau of Land Management, US Army Corps of Engineers, and Bureau of Ocean Energy Management. Participating State agencies are ADEC (APDES, Air and SPAR) and ADNOR (OPMP and DOG). Industry representatives from the following companies will also be joining us: Eni, ConocoPhillips, Hilcorp, Oil Search, Alyeska and Petro Star. Day 3 will entail visits to the Alaska Geologic Materials Center, ADNOR Division of Oil and Gas offices, and the ConocoPhillips Integrated Activity Center. Megan Garvey, EPA Senior Advisor for Oil and Gas, Regional Management and State Affairs will also be joining us to share EPA's national perspective.
